Public Participation Plan

Village of Fontana Comprehensive Plan Amendment

August 30, 2010

The Village of Fontana adopted its most recent *Comprehensive Plan* in 2009. The Village is now considering a *Comprehensive Plan* amendment to address new opportunities, issues, and changes that have occurred in the community over the past year.

The State's comprehensive planning legislation requires communities to adopt a public participation plan describing the process to engage community residents and stakeholders. The purpose of the public participation plan is to outline the procedures that will be used to ensure opportunities for public participation at every stage of the plan amendment process.

Public involvement in the planning process helps to ensure that the amended Comprehensive Plan continues to accurately reflect the vision and desires of the community. This *Public Participation Plan* specifies the following public participation activities to foster public participation for the Village of Fontana *Comprehensive Plan* amendment:

All Plan Commission meetings in which the Comprehensive Plan amendment is the primary item on the agenda will be publicized in advance and open to the public. The Plan Commission will be asked to recommend adoption of the Comprehensive Plan amendment to the Village Board. At that time, comments will be solicited from adjacent and overlapping governments to ensure that issues of mutual concern have been adequately addressed in the plan. If necessary, modifications will be made to the proposed Comprehensive Plan amendment prior to preparation of the ordinance and the holding of the Public Hearing that precedes final adoption of the Plan amendment by the Village Board.

The Public Hearing will provide a second form of public participation available in the Plan amendment process.
